

HUNTINGTON'S WA presents

'THE HUNT IS ON!'

...for better understanding

...for better treatment

HUNTINGTON'S DISEASE FORUM 2016

Huntington's WA would like to invite **four Year 10 students** to be accompanied by **one adult** (science teacher / pastoral care team member / parent) to a fully interactive day exploring the realities of Huntington's Disease.

STUDENTS – work with a scientist!

Young scientists from Harry Perkins Institute of Medical Research will guide you through the diagnostic test used in the diagnosis of Huntington's Disease.

TEACHERS – update your knowledge!

One of the leading scientists from Harry Perkins Institute of Medical Research will demystify the latest genetic findings surrounding Huntington's Disease.

TEACHERS and STUDENTS

- Hear from members of the Huntington's Disease community members
- Consider the ethical issues raised by a panel of experts
- Engage in peer group ethical discussions

VENUE: Harry Perkins Institute of Medical Research, 6 Verdun St Nedlands WA

DATE: Thursday, August 11, 2016

TIME: 9.15 - 2.30pm

COST: FREE (morning tea and lunch provided)

When choosing students, the following criteria while not essential, may be helpful:

- Students considering choosing human or biological sciences, health studies, psychology in Yr 11/12
- Students with an interest in pursuing a career in science, medicine, nursing, health sciences
- Students with leadership potential and an interest in community work
