DISCOVERY

CENTRE

SCHOOLS

Get your class excited

about science and health research with our

Discovery Centre Schools Pilot Program!

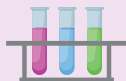

Our Pilot Program is returning for Terms 1 and 2 in 2021. For a limited time only, visit the Telethon Kids Institute for a free educational excursion aimed at students in years 3-6. The program goes for two hours and includes:

A visit to the Discovery Centre, where your students will learn about health and research through our interactive games

Hands-on science investigations run by our very own Telethon Kids researchers

A guided viewing of a real-life working lab

To book your next school excursion, get in touch by emailing schools@telethonkids.org.au or find out more at discoverycentre.telethonkids.org.au
