

CHEMISTRY PARTY @ ECU SCIENCE SUPERLABS

**JOIN US FOR AN EVENING OF HANDS-ON
CHEMISTRY AT THE ECU SUPERLABS!**

Join scientists from ECU and ChemCentre, WA's leading chemistry and forensic science facility, in ECU's new, state-of-the-art chemistry Superlab! You will have the opportunity to participate in interesting hands-on experiments using the latest Spectrophotometer. Meet a ChemCentre scientist who will explain how they use UV absorption spectrophotometry theory and Beer Lambert Law as part of their job at ChemCentre. This event is suitable for students in Years 7 & 8 and 9 & 10.

During these events students will get to:

- Meet ECU and ChemCentre scientists and discover where studying Science can take you in your future career
- Tour the new ECU Science Building
- Conduct interesting experiments in the Superlab
- Bring along a family member or friend

When

High School Students in Years 7 & 8 –
Tuesday 16 August 5.00-7.00pm

High School Students in Years 9 & 10 –
Wednesday 17 August 5.00-7.00pm

Where

ECU SuperLabs – Joondalup Campus

Registration

Trybooking Year 7 & 8 www.trybooking.com/BZQIR

Trybooking Year 9 & 10 www.trybooking.com/BZQJK

Before 29 July 2022
